V. SECURITY

- **Operating Procedures**

If we provide you with written or electronic instructions or operating procedures, input or transmission forms, deadlines or cutoff times, or other limitations or requirements relating to the use of Online Banking services ("Operating Procedures"), you agree to comply with those Operating Procedures and understand that we may reject or be unable to process incoming instructions or requests for Online Banking services that do not comply with those Operating Procedures.

You agree to comply and remain in compliance with all applicable federal, state, and local laws, rules, regulations, ordinances, and determinations of governmental authorities. You agree not to use Online Banking services in a way that damages or violates the rights of any third party, or that will subject us or third parties acting on our behalf to assist in providing Online Banking services to investigation, prosecution, or legal action.

- **Your Associates**

You are responsible for all acts and omissions of any third party that you allow to have access to your Linked Accounts (each an "Associated Party" and collectively the "Associated Parties") via use of Online Banking services. You are strongly advised to establish and maintain policies and procedures and accounting and auditing controls that will prevent (or at least allow the early detection of) fraud or other unauthorized activity by any Associated Party. As between you and the Bank, you agree to accept sole responsibility for losses attributable to the acts or omissions of Associated Parties.

- **Passwords**

During your enrollment for Online Banking services, you will be required to determine a unique password ("Password"). Use of this Password is a required security procedure to access Online Banking. By using Online Banking services, you agree that this is a satisfactory and acceptable security method. You agree to keep this Password confidential to prevent unauthorized access to your Linked Accounts and to prevent unauthorized use of Online Banking services.

You agree to notify us immediately if your Password is lost or stolen, or if you believe someone else has discovered your Password. If a security breach occurs regarding your access to your Linked Accounts, unless our internal security is proved to have been breached, there shall be a presumption that your security, including but not limited to your Password, has been breached. We are authorized to provide Online Banking services, release information about your Linked Accounts to, and accept as authentic any instructions given to us by any person who has used your Password for access to Online Banking services.

You agree not to give your Password to any other party. You agree to maintain the confidentiality of your User-ID and Password. You agree to be responsible for all fees and charges incurred under the User-ID and/or any other sub-users that are created by you. You agree not to alter or remove any copyright material or other proprietary notices or any disclaimers included with Online Banking services, or any data transferred pursuant to use of Online Banking services. The Bank reserves the right to block access to Online Banking services at any time in order to maintain or restore security to Online Banking services and systems, as well as in situations in which the Bank reasonably believes a User-ID or Password to have been obtained or used by unauthorized persons. You understand that any person having access to Online Banking services and your Linked Accounts via the use of your Password can make transfers from your accounts even if such person is not an authorized signer on such account. You agree to release us from any and all liability for the use of Online Banking services by persons who obtain your Password, and indemnify us against any loss or damage, including attorney's fees, arising from such use of Online Banking services.

Tell us AT ONCE if you believe your Password has been lost or stolen, or if you believe that an electronic fund transfer has been made without your permission using information from your accounts. Telephoning is the best way of keeping your possible losses down. You could lose all the money in your account. If you tell us within 2 business days after you learn of the loss or theft of your Password, you can lose no more than \$50 if someone used your Password without your permission.)

If you do NOT tell us within 2 business days after you learn of the loss or theft of your Password, and we can prove we could have stopped someone from using your Password without your permission if you had told us, you could lose as much as \$500.

Also, if your statement shows transfers that you did not make, including those made by Online Banking services or other means, tell us at once. If you do not tell us within 60 days after the first statement was mailed to you, you may not get back any money you lost after the 60 days if we can prove that we could have stopped someone from taking the money if you had told us in time. If a good reason (such as a long trip or a hospital stay) kept you from telling us, we will extend the time periods.

- **Indemnification, Limitation of Liability**

the Bank will not be responsible for any loss to you caused by an event that is beyond the Bank's control, including, but not limited to, government restrictions, natural disasters, wars, riots, strikes, acts of terrorism, Acts of God, computer failure, or the loss of power, communication or transportation facilities. Any hardware, software, peripheral equipment or accounts needed to access Online Banking services are to be obtained and provided by you. Furthermore, in no event will we, or any of our officers, directors, employees, or agents be liable to you for any consequential, incidental or indirect damages arising out of the use, misuse or inability to use Online Banking, or for any loss of any data, even if we have been informed of the possibility of such damages.
